

Join your fellow Liverymen at LCAG's second annual conference in support of the City of London's Climate Action Strategy.

Bridging the gap between **knowledge** and **action**

Learn from your fellow Liverymen and industry professionals on the tangible approaches they are taking in response to climate change and hear from experts on how your company can take action on climate change and the environment.

Network with your fellow Liverymen in the striking surroundings of the Merchant Taylors' Hall.
